Liftoff 2 has been rewritten from the ground up and this update introduced a much more modern and sleek design.

## **Key New Features:**

- New launches list with an easy toggle between recent and upcoming space launches.
- Access launch details: time, location, mission specifics, and launch vehicle information.
- Comprehensive Rocket Details: Dive deeper into each launch with enhanced rocket information, including technical specifications, success rates, reusability, launch cost, and more.
- Real-Time Weather Information: Stay informed about launch conditions with detailed weather updates, covering visibility, precipitation chance, wind speed, and cloud cover.
- In-Depth Mission Information: Explore missions with richer details, offering a more comprehensive understanding of each mission.
- New Search Tab: A brand-new search tab lets you delve into launch vehicles, spacecraft, agencies, and astronauts.
- Calendar Integration: Seamlessly add launch events to your calendar and never miss a single launch.
- Home Screen widgets for upcoming launch countdown.
